Help us preserve our building for prosperity

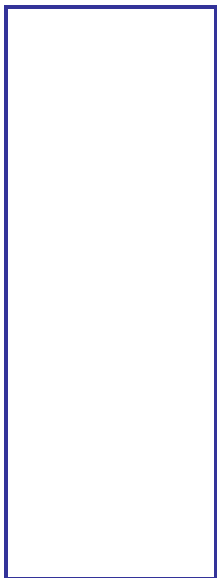

Our building has stood the test of time ever since it was completed in 1922. The dreams that COL Boughton had, of having a building where Masons could meet without moving from building to building, materialized through the combined efforts of all Masons in Ft. Leavenworth and its surroundings.

For approximately 90 years since it broke ground and approximately 123 years since Hancock Lodge No. 311 was Chartered, weather has taken its toll, and now is time for our generation to help preserve his dream by contributing to the repairs of our building.

Masons unite and help every way that you can. Your contributions and donations will be greatly appreciated.
